

Availability Guideline

All plants will be rooted and full in the pot. Our comments are to help our customers know what stage plants are in.

Grn : Plant is green, no colored blooms or buds.
2" Premium Annuals and Perennials of all sizes can be listed this way.

Full : Plant is nice and full. We often use this code for plants that do not bloom such as ferns.

Ttbd : Tight bud showing with no color.
Common for Bulbs or Potted plants when a long shelf life is desirable.

Bd : Plant has a visible bud that is starting to show color. Common for Bulbs and plants with large blossoms that can be damaged in shipping.

B1 : Plant is in full bloom & color.

#: Limited quantity on hand.
Customers should order immediately if they want to reserve.
